Adding guests to your registration is available within the registration system for Full registration attendees only.

A guest is an accompanying person who is neither an ASHA member (and not eligible to be), nor a related professional, and is attending the ASHA Convention in a social capacity only.

## **Please note:**

- A guest registration may not be used for presenters.
- If you require a personal aide for your access and participation in the convention, you will note this in the accommodation questions in a future step, and do not need to register them as a guest. If you do not have any guests to register, you may skip this section and proceed to the next step.

**Guests** Dashboard

Do not use the 'BACK' button on your web browser, but rather use the 'Back' and 'Next' buttons at the bottom of each screen to move between the pages.

A guest registration option is available for \$75 per person. A guest is an accompanying person who is neither an ASHA member (and not eligible to be), nor a related professional, and is attending the ASHA Convention in a social capacity only.

Guest registration is offered so that friends or family members of registered attendees may accompany them socially in the Exhibit Hall and at special events (tickets may be required for certain special events or receptions) and does not include attendance at any education sessions (oral or poster). Guests may not register themselves; guest registrations are affiliated with a fully registered attendee who must accompany the guest at all times.

Guest passes are not to be used in lieu of Exhibit Hall-only passes, available November 1, which are an official limited-registration option for ASHA members and related professionals.

Please add or edit guests below.
